

My wife and I started living together by renting out a small one-bedroom cottage along with our two little kids. As they grew bigger, our goal was to acquire a house that could comfortably fit us. Although we both had a decent job and the cost of living kept on rising, becoming a homeowner was too far to reach.

Na Hale O Maui has given us the chance to be one of the stable homeowners for almost a decade now. Our family feels so much secure and happy when we were able to move into an affordable home. We are blessed to have a nice, quiet neighborhood too.

Thank you so much for making permanent, stable and affordable housing possible for us!
