Subject: Paying it Forward

We were very fortunate to have Na Hale O Maui choose our family among many others, especially because when we were first selected for a home in Lahaina..COVID hit and we lost that home while it was in escrow all due to furloughs. If not for this non profit organization, we would NOT be able to say, “ we are proud homeowners”. The process was not easy but well worth it. Thank you Na Hale O Maui and the great people who helped us to achieve our goals in having a HOME that we can call ours. Through this organization, we are able to afford and remain here in the islands. MAHALO NUI ♥--
