

Aloha,

Please continue to put forth affordable homes on Maui. This Central development will help many families in the workforce have an opportunity to own a home on Maui. My personal testimony is that I am a single parent to one child with a good income. My daughter is born on Maui and I don't know that I will ever be able to afford a home for us here, even though my income is good. I want my daughter to have a home on the island where she is from. I am praying that west Maui also opens up more opportunities for the workforce. Please keep me in mind for any testimonial that you may need to help this ongoing issue. With my income I should be able to own a home here and I can't because of the outrageous market. Workforce housing is my only hope!

Mahalo!
